CELEBRATING THE 100TH BIRTH-DAY OF THE REVEREND WAR-REN E. DARNELL

HON. GARY L. ACKERMAN

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 8, 2005

Mr. ACKERMAN. Mr. Speaker, I rise to celebrate the 100th birthday of The Reverend Warren E. Darnell and to honor his 75 years of service to his community.

Eager to begin his work in this world, Rev. Darnell was born before the doctor arrived at his parents' home on February 4, 1905. From nearly that day forward, Rev. Darnell has dedicated his life to helping others. He graduated from Hanover College in 1928, and went on to study at the Union Theological Seminary, receiving his Master of Divinity Studies in 1931.

Shortly after completing his education and being ordained by the Presbyterian Church, Rev. Darnell joined The Community Church of Little Neck as a Pastor. During his 53-plus year tenure with the Church, Rev. Darnell oversaw tremendous growth in the congregation's membership and a considerable expansion of the church facilities. Upon his retirement, Rev. Darnell was named Pastor Emeritus of The Community Church of Little Neck, and he continued his faithful service to Little Neck and the surrounding communities by performing weddings, baptisms, funerals, and supplying pulpits until the age of 95.

In addition to his church service, Rev. Darnell has received numerous awards and accolades. He helped found the Great Neck Clergy Association to fight anti-Semitism and promote brotherhood, tolerance, and understanding among the different religious traditions represented in the community. Rev. Darnell also served as the Director and Trustee of the New York State Christian Endeavor Union Summer Assemblies, as a commissioner to the General Assembly of The United Presbyterian Church, and on various committees of the New York City Presbytery.

Local and family values have always been of the utmost importance to Rev. Darnell. He and his wife, Dorothy, celebrated their 75th wedding anniversary this past September, together with their three children, seven grand-children, and nine great-grandchildren.

Mr. Speaker, I commend The Reverend Warren E. Darnell for his 75 years of dedicated service to his community. As a pastor, community leader, husband, and father, Rev. Darnell has contributed much to the great many lives he has touched. In recognition of this, I ask my colleagues in the House of Representatives to please join me in honoring The Reverend Warren E. Darnell as he celebrates his 100th birthday.

TRIBUTE TO ART STAMPER

HON. BEN CHANDLER

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 8, 2005

Mr. CHANDLER. Mr. Speaker, it is with great honor I rise today to pay tribute to one of Kentucky's finest musicians, Art Stamper.

Nationally acclaimed in Bluegrass music, Art Stamper began playing the banjo and fiddle before age 10. His first fiddle had a self-made bow and Art taught himself how to play his first song. One of 4 sons and 3 daughters of the late Martha and Hiram Stamper, Art Stamper was born in 1933 in a log house in Knott County, Kentucky. Art Stamper got his love of music from his father. Hiram Stamper was an accomplished musician, and Art quickly followed suit, becoming a professional musician by age 16. Art Stamper helped define the music we now call Bluegrass. During his career and travels around the world, he worked with Bill Monroe, the Stanley Brothers, the Osborne Brothers, the Goins Brothers, Larry Sparks, Jim & Jesse, Bill Clifton and J.D. Crowe.

Art Stamper is not only known as a master fiddler but also for his mastery as a hair-dresser. He won many awards as owner of Louisville's The Way of Art. Art never stopped playing the fiddle as other musicians would come for haircuts and play while waiting their turn.

Art Stamper is the father of two sons and one daughter and husband of Kay Kawaguchi Stamper. Mr. Speaker, Art Stamper passed away on Sunday, January 23, 2005, but will always be remembered for his endless contributions to society and especially that of Bluegrass music.

Mr. TOM DAVIS of Virginia. Mr. Speaker, I rise today to honor Sandra Bates for over 36 years of dedicated service to the Federal Government.

Sandra Bates has finished off an illustrious career in the Federal Government. She started out in 1969 as intern with the General Services Administration. While at NASA, she served in various telecommunications positions until 1993 when she was named chief of communications with responsibility for all NASA operational, command, and control networks worldwide

She returned to GSA in 1996 and assumed the positions of assistant commissioner for service and delivery and deputy commissioner in the Federal Technology Service before taking over the role of commissioner of the Federal Technology Service in April 2000. As commissioner, she has, among other things, successfully guided the Federal Technology Service through the most recent edition of the governmentwide telecommunications program, FTS 2001.

Mr. Speaker, in closing, I would like to extend my best wishes to Ms. Bates on her retirement as commissioner of the Federal Technology Service. While I know that she will be greatly missed, her retirement is well deserved. I call upon my colleagues to join me in honoring Ms. Bates and in wishing her the best of luck in all future endeavors.

WE NEED TELECOM REFORM

HON, JOE WILSON

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 8, 2005

Mr. WILSON of South Carolina. Mr. Speaker, I rise today to speak on the anniversary of one of the hardest fought legislative battles of the last decade and to discuss the need for improving it this year.

It was 9 years ago this week that Congress last passed comprehensive telecom reform. The biggest issues then were how best to provide competition in both local and long distance telephone service and to ensure that everyone, including those in rural areas, has access to phone service.

In the last 9 years we have seen advancements in communication technology that could not have been envisioned. Near universal access to the Internet, development and deployment of broadband technology, more wireless phones in service than wireline accounts, email on the go and cable, phone, and satellite companies all vying to deliver an entire suite of video and communications services to a growing marketplace. New technologies and industries unfettered by the constraints of old rules have competed vigorously for consumers' business, transforming forever the way business and consumers get information and communicate with one another.

Unfortunately, our telecom laws have not kept pace with growing demand for choice and competition in the marketplace. Some industries continue to operate under arcane regulations that stifle ingenuity, hinder job creation, and bottle up needed economic investment.
